

TESTIMONIES FROM STUDENTS ABOUT THE COURSE

.....The profound difference between the 2 courses (Start Up/Start Over! vs. Congregational Revitalization) is the spiritual component. Start Up! could have been a course in business school, *your course has changed my life.*

The Rev. Mike Flynn

.....Almost daily I'd come home from class and say "*you wouldn't believe what happened today*".

..... I take heart that God hasn't given up on me, I seem to be a slow study, but this course was just what I needed to get me and *my ministry back on track*. I want to thank of you for that.

.....My commitment and faith have been renewed. I have a prayer life beyond perfunctory again, and *parishioners are seeing & hearing the difference* and they're expecting things to happen. It's very exciting

.....One of my first days back in the office a couple came by for groceries. Instead of just loading them up and getting them out I took time to talk about their problems and prayed with them. *We were all in tears by the end*
